DREAMERS AT THE GATES OF WHERE DREAMERS ARE

SEPTEMBER 19 - OCTOBER 31, 2015

Opening Reception: September 19, 6-8pm

You dreamed of the woman between
the river and the sun and the rock
Then I thought of the mountain
and next to the mountain was the sun
and the sun was held by the woman from between the river and the sun and the rock
In the dream there were figures in the water
and when it was cool they came out to the beach
This was dreamed many times
and when you dreamed it you were peaceful
